ORDER:

In the letter read above, the CE(R&B) CRN & MD, APRDC, Hyd., has stated that Peddavoora – Miryalaguda road is an important corenet road in Nalgonda District passing through important towns like Peddavoora, Halia, Nidmanoor, Mukundapur, Thripuraram and Miryalaguda. This road connects coastal districts like Krishna, Guntur with Rayalaseema region and is having high intensity of vehicular traffic. It also connects NH-65 at Kodad and NH-7 at Jadcherla crossing Narkatpally-Addanki road at Miryalaguda and Hyderabad – Guntur road at Peddavoora. The heavy loaded vehicular traffic from cement factories and rice mills situated around Miryalaguda and Huzurnagar towns ply on this road.

He has also stated that the existing road is having two lane carriageway of 7 m width remaining reach with intermediate lane i.e., from Km 11/2 to 13/6 which is not able to cater to the needs of increased traffic. Hence it is necessary to widen this stretch from Intermediate lane to Double lane. The road is badly damaged as the improvements were not taken up for a long time and needs to be strengthened for which provision is made in the estimate. The traffic intensity on this road is 2058 CVPD and 6851 PCUs per day and last BT renewal on this road was 2001-02.

3. He has further stated that Stage I- approval is not required as detailed investigation is completed and designs are finalized. Neither LA nor shifting of utilities is required for taking up the subject work without interruption.
